

## National Interview Resume

Greetings Delegates,

Following this letter you will find your Interview Resume Form. It's very simple to fill out; there are no "trick" questions and there are no right or wrong answers. Your resume is all about you. Just answer truthfully - it's that easy!

Please note that the resume is only one sheet. **Do not exceed one sheet**, your resume is only an outline of your activities and should not include details. Many of you will have more information than you can fit on the page, in these cases, please do your best to condense your activities to fit the space provided. We have attached an example of a properly prepared resume to use as your guide.

Your resume will be used as a starting point for conversation during your interview. Think of your interview as if you were applying for the job of Queen, ultimately the judges will want to know why you want the position of American Royal Beauties National Queen. Again, there is no right or wrong answer, just be honest!

A well-prepared resume will be typed and utilize correct grammar, spelling and mechanics. **Please upload your completed resume via the link provided in your national handbook.**

We believe in you! Just be yourself and you will do just fine.

Good Luck Delegates!
